

Plus 4 You is the proof that there are no boundaries to the field of professional machines and represents one of the stages in the long voyage that Astoria has undertaken with courage and determination. Technological innovation is represented by a new hydraulic circuit with working parameters that are managed electronically and independently, providing the best quality in the cup. Plus 4 You is also aware of environmental protection through substantial reduction in energy consumption.

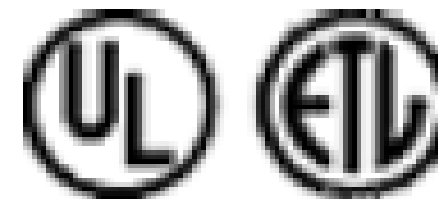

## PLUS 4 YOU 2 GROUP

Front Boiler Heating Element: 1000 Watt x 2  
 Steam Boiler Heating Element: 4000 Watt  
 Boiler Sizes: Steam: 8.45qts/Front: 1.25qts x 2  
 Net Weight: 163 lbs  
 W 32.7" D 22.8" H 22.6"  
 220 Volts / 19.6 Amps / 4400 watts  
 Built in Motor Pump

## PLUS 4 YOU 3 GROUP

Front Boiler Heating Element: 1000 Watt x 3  
 Steam Boiler Heating Element: 4000 Watt  
 Boiler Sizes: 207 lbs  
 W 42.1" D 22.8" H 22.6" 564400 watts  
 Built in Motor Pump

Astoria's Gloria is the automatic espresso/cappuccino coffee machine for the large specialty coffee retailers. With a large boiler and powerful heating element, it can supply a constant flow of dry steam for the preparation of espresso based drinks in the busiest coffee shop.

This model can dispense six different coffee dosages from each brewing head and is also equipped with an independent semiautomatic override switch for each group. Real max. production capability: 720 espresso servings per hour.

Other features include:

- Advanced pre-infusion and thermocompensation group technology
- Raised groups for cups up to 16oz
- Extra long stainless steel steam wands
- Timer controlled water tap
- Ergonomically designed portafilter handles and steam valve knobs
- Electronic cup warmer with temperature control

## GLORIA 2 GROUP
